ECIA Member Survey

3 Reasons to Complete The ECIA Member Survey

1. **We don't know what we don't know.**
2. **The world is changing and we need your input.** The pandemic is likely to change the way business is conducted in our industry. How can ECIA help make that transition easier for you?
3. **Connect. Influence. Optimize.** ECIA is arguably more important than ever to our industry. Our 2018 member survey enabled us to restructure in ways that have proven very effective.

You should have received an email asking for your participation in the 2020 Member Survey. Please share 10 minutes of your valuable time to tell us how you use your ECIA membership.

Help us make ECIA even better for 2021 and beyond! [Click here to take the survey.](#) Please respond by October 2.

Economic Forecast with Cliff Waldman

Dale Ford Interview on The Channel Channel

ECIA Chief Analyst Dale Ford hosts Cliff Waldman, CEO of [New World Economics](#) on The Channel Channel podcast to talk about the continuing impact of the pandemic on the global economy. The two weave the multiple threads of the continuing crisis, the China-U.S. trade conflict, Brexit, and other geopolitical events into a rich tapestry that reveals

the patterns to help listeners understand what's likely to come in the coming quarters. This is one podcast that strategic planners in the electronic components industry really need to hear.

The complete podcast can be heard at www.ecianow.org, or from iTunes or other podcast distribution services.

Standards Meetings: Fall 2020

CE-2 Connector Standards Committee Meeting: [10/28-29](#)
Fall Engineering Summit: [11/04-05](#)

The Fall meeting of the CE-2 Connector Standards Committee and the 2020 Fall Engineering Summit will be held via web conference, rather than in person due to restrictions on travel.

[EIA technical standards](#) cover the manufacture, application and use of electronic component products and systems and are accredited by the American National Standards Institute (ANSI). Anyone with a material interest in the subject matter may participate on an ECIA standards committee. If you or someone in your company has the technical expertise and interest, now is the perfect time to participate in one of these meetings.

Morning sessions will run 2 hours and afternoon sessions will run for 3 and this streamlined format is a great opportunity to observe how standards are created and maintained. For more information or to sign up for the meetings, please contact [Ed Mikoski Jr.](#), Vice-President of Standards and Technology or [Laura Donohoe](#), Manager of Standards and Technology.
