## ECIA Members Have Access to European DTAM Information

IDEA is a federation of component distribution trade associations from several major world countries. It releases quarterly its European DTAM (Distributor Total Available Market) statistics which are not estimates but a summation of members' actual bookings and billings. IDEA supplies a package of statistical data covering Italy, France, UK, Germany, Austria, Switzerland and Nordic. For questions regarding the reports, contact [Graham Waite](#).

Two reports have recently been issued:
