## Electronic Component Sales Trends Survey - Q2 Reports Results Posted

Published quarterly, the Electronic Component Sales Trends (ECST) survey reports the views of participants on activity in certain end-markets and sales trends for specific electronic component groups. This survey has two goals: confirm predictions about the current quarter and determine sentiments about the next.

Members, log into My ECIA and the [Knowledge Center](#) to review the latest survey results.

## New TPC Tariff Survey Results Majority of Respondents Report Negative Impact

TPC ran a 4th special survey on tariffs to a segment of their industry data base over the last week. The survey focused on possible impact on the electronics supply chain and subsequent component demand from tariffs and trade issues.

Technology Partners Consulting, (TPC) provides independent third party consulting to electronics suppliers and financial services firms. TPC provides ECIA with a monthly report on a market trends survey administered by Glenn Hitchcock, TPC founder and president. The report provides results from a survey sent to 20,000 electronic industry professionals across the globe to assess their expectations for order activity and inventory levels.

ECIAauthorized.com Provides Access to Genuine Parts

The [ECIAauthorized.com](#) site was created by ECIA, in collaboration with its members, to support the authorized electronic components industry by giving users access to aggregated price and availability data for genuine parts from only authorized sources.

The site provides a free service to purchasing professionals, design engineers and anyone in need of electronic components price and availability information from authorized distributors. All the distributors that participate on the site are required to be members of ECIA. Contact [Victor Meijers](#) for more detailed information.
