Topics will include:

1. A re-cap of accomplishments and 2021 goals
2. Design Registration Study
3. Paperless Manufacturers COC
4. Best Practices for the Listing of Authorized Distributors and Independent Manufacturer Reps on Manufacturers Websites
5. SCIP Database
6. General ECIA updates with CEO David Loftus, Chief Analyst Dale Ford.

Join us Monday, February 8th and learn about the important work being done by the dedicated members of the GIPC. [Click here](#) to register. For more information, please contact [Don Elario](#).

### **About ECIA**

The Electronic Components Industry Association (ECIA) is made up of the leading electronic component manufacturers, their manufacturer representatives and authorized distributors. ECIA members share a common goal of promoting and improving the business environment for the authorized sale of electronic components. Comprised of a broad array of leaders and professionals representing all phases of the electronics components supply chain, ECIA is where business optimization, product authentication and industry advocacy come together. ECIA members develop industry guidelines and technical standards, as well as generate critical business intelligence.
